If yes, please list them _____

If you are planning on having a lawn installed, do you prefer sodding or seeding?

Note: A properly functioning irrigation system is HIGHLY recommended for any sod or seed lawn installations.

Sodding  |-----↓-----|
Cost vs. Time

Sodding is known as an 'instant lawn'. For that reason, the cost is higher but the time in which it's ready for use is lower.

Seeding  |-----↓-----|
Cost vs. Time

Seeding is more affordable then laying sod, however, on average, it takes a few weeks to establish and become ready for use.

If you have an idea for a design of your new landscape, please take a moment to do a quick sketch on the next page. If you have a design proposal already, please attach a copy of it to this form.

Note: Quality Lawn Care will charge a design fee for our designs. Upon booking with us, we will apply that fee towards the labor of the project.

Please sketch your design idea(s) in the box provided below. Indicate North on the compass provided.

A large rectangular box with a black border, intended for sketching a design idea. In the top right corner of the box, there is a simple compass rose icon with four cardinal directions indicated by lines.
